

## A2 Results 2018

We are delighted to congratulate our Year 13 students on their outstanding A Level results. This is the first year of the new, very challenging specifications where the students sat more and longer examinations than previous years. However with 77% A\*/B grades the students have excelled. Among these successes there are 49 students who have achieved straight A\*/A grades - almost a quarter of the year group! On top of this five students achieved straight A\* grades and A\*s in their Extended Projects. Anya Swales and Luke Johnston both achieved four A\*s and a further A Grade and Tristan Wride achieved 4 A\*s.

The success of all these young people is much-deserved after their hard work and dedication and the commitment and support of their teachers. So many of these students have achieved their excellent academic results while balancing very busy and successful commitments across sports, music, dance, creative writing, Gold D of E, politics - so many different fields. Bella O'Hara achieved straight A grades and a silver medal rowing for GB this summer; Tom Dean achieved A\*A\*AA and a Gold Medal swimming in the men's 4 x 100m at the European Championships. This year group have also been great contributors to the school and wider community, supporting younger Borlase students and primary school children in their learning and giving time to so many local community activities. Next steps are still being finalised but it is very exciting to see them progressing on to excellent university courses, conservatoires, apprenticeships or whatever next step they choose to take. Well done everyone! Brilliant!
