

Dear Parents and Carers

Lockers

From the start of this academic year, our School Lockers have been provided by an external company, Independent Locker Solutions (ILS). Our lockers are modern, clean and secure. They provide the best place for Borlase students to store possessions while at school. We strongly recommend that students in Years 7-11 have a locker, to save them either carrying all their possessions around the whole time or from using the unsecure bag racks, which are designed only for short-term use during assemblies or break times, not as a permanent storage facility.

We still have lockers available. In order to book a locker, please visit the ILS website. For this you will need to register as a new customer, selecting Sir William Borlase's Grammar School from the school menu.

Financial circumstances should not stop any student who wishes to make use of a locker from having access to one. Should you wish to contact the school regarding financial support for locker rental, please contact the School Business Manager in confidence via finance2@swbgs.com.

Yours faithfully

James Simpson
Senior Deputy Headteacher
