

SIR WILLIAM BORLASE'S GRAMMAR SCHOOL

Student Planners

Dear Parents and Carers,

All students are required to have a school student planner to support them in their organisation. The planners have lots of useful information for Science, Maths, English, Geography as well as advice to support revision. There is also information about the school rules, values, uniform and day to day processes which students and parents can see at a glance in a world when so much is only accessible online. Students are also required to copy their timetable into this in order to have access to their timetable without the need for electronic devices.

The cost of producing planners has increased year on year; the charge for this year's Borlase 400 Planner is £4 which can be paid via Parentpay.
