

Help Shape the Future of Walking Wheeling and Cycling in Marlow

Could getting to school, clubs, the park - or visiting friends - be easier, safer and more enjoyable?

Marlow Town Council is working on a plan to improve travel for people who walk, scoot, bike or use a wheelchair.

We need your ideas - so if you've a suggestion that would make getting around easier, we'd love to hear from you.

Please help build Marlow's first 'Local Cycling and Walking Infrastructure Plan', to create a strong case for safer streets and better travel routes.

Please click <https://www.marlow-tc.gov.uk/active-travel/> scan the QR code or search for 'Marlow Town Council active travel' to share your ideas through our survey or be kept updated.

Thank you!
