

4 September 2026

Dear Parents and Carers,

Autumn Term 2026: Year 10 to Year 13 Indoor Hockey

Our indoor hockey is going from strength to strength. Over the last 3 Years we have had 12 teams reach the Regional Grand Final and 2 teams go on to the National Finals. Following on from last year we will be running these sessions after school giving our players the contact time to compete with the very best in the country.

We have fantastic facilities here at Borlase and the benefits of regularly playing indoors cannot be understated. Children who play indoor hockey are significantly more likely to go on to play representative hockey (Bucks/Talent academy/England Juniors/Seniors)

This extra provision for indoor hockey does come at a cost and **we will be charging £65 for the indoor membership fee this season.** This goes towards:

- Coaching - the additional coaches for indoor training sessions
- Equipment - extra gloves, shirts, barriers and balls

Please see below for full training details:
