

7 September 2020

Dear Parents,

Thank you to those who signed up for the Google Meet on Saturday morning. For those who were able to attend, hopefully we answered any questions you or your child may have had about rowing this coming season. If you did not sign up for the Meet and would like the information sent through, or have any other questions, please send us an email at the address below.

Please can we ask that you now officially register your child to row this season, through completing this link - '[SWBGS Rowing Sign Up - 2020/21](#)', by 3.30pm on Thursday 10 September. This form will provide us with an accurate list of those intending to row, as well as provide us with the information we need to keep both yourself and your child informed with rowing matters. Information about setting up payments will follow after sign ups have been gathered.

We are very excited about the potential within the school and believe the boat club can have a successful season in its centenary year.

Yours faithfully

Mr Gray  
Director of Rowing
